

TREASURE COAST CHALLENGE CUP MATCHES PERMANENT TEAM ROSTER

As of March 1st

Use this form to enter the names of ALL players who MIGHT participate in Challenge Cup Matches. Include with this roster a copy of your club's official Handicap Index sheet listing all eligible players from low to high with their current handicap index. These sheets should be the most recent revision prior to the March Captain's Meeting. This roster sets the order in which the players will play throughout the tournament. If any player plays a match out of order, all points in that match, and any subsequent matches, on that day will be defaulted.

NOTE: If there are two players with the exact same index (on your club's official Handicap Index sheet), you may choose to put either player first on this sheet. However, the order on this sheet becomes the order which must be followed throughout all matches. In other words, you may not reverse the order of these two players from what is listed on this sheet.
